

# Wildlife Wong Workshop!

## LISTEN AND LEARN WITH AUTHOR DR SARAH PYE

The Wildlife Wong series of chapter books revolve around the real-life ecologist Dr Wong Siew Te who lives in the jungles of Borneo. They begin with an engaging story of Wong's adventure and move onto fun and interesting facts about the rainforest and its inhabitants. Lastly, the reader becomes a scientist, just like Wong, with hands-on experiments! Author Dr Sarah Pye has designed classroom workshops around the content.

Listen to a story

Make a Nature Journal

Learn about rainforest animals

Make a face mask

Make animal enrichments

Get your books signed!

Compare yourself to a sun bear

Make an orangutan nest

Make electricity from potatoes

Write about the environment

Meet the real Wildlife Wong via Zoom

"These are the best books I have ever read. I think lots of kids will love them and learn a lot!" - India

"The experiments have to do with parts of the story, and it lets me become a scientist like Wong." - Taylor

Sarah Pye is an experienced facilitator. **Wildlife Wong and the Sun Bear** was launched at the **Voices on the Coast** children's literary festival in February 2021, and **Wildlife Wong and the Orangutan** was launched on Sun Bear Day, May 16th, 2021. Sarah holds an Australian Blue Card. To discuss or book workshops, contact Dr Sarah Pye via [sarahpye.com](http://sarahpye.com) or 0429 962 040.
